Junior-Intermediate Civil Engineering Technologist
(full-time permanent position)
Location: London, Ontario

GM BluePlan Engineering is a dynamic consulting firm providing experience and expertise in the areas of Infrastructure Master Plans, Asset Management, Environmental Assessments, Hydraulic and Hydrologic Modelling, with proven Municipal, Environmental, Structural, Land Development and Construction Services that allow GM BluePlan to support our clients throughout the project life cycle. We have a strong legacy of providing sound technical advice and innovative solutions for our private and public sector clients.

Come join our amazing team of talented, energetic and creative people that together contribute to the continued growth and success of the Company!

RESPONSIBILITIES:

- Preparation of preliminary and detailed design of site grading, drainage and servicing plans for land development and plan and profile drawings for municipal infrastructure projects;
- Preparation of preliminary and detailed structural design drawings for buildings and bridges;
- Preparation of process design drawings for pumping station and treatment facility designs, developing and evaluating design alternatives;
- Completing design calculations for storm sewers, sanitary sewers, watermains and stormwater management facilities;
- Field work including detailed topographic site surveys and field inspection during construction
- Developing cost estimates, construction specifications and contract documents
- Other duties as assigned

QUALIFICATIONS:

- Graduate of an engineering technology program or equivalent training. Eligible for or obtained OACETT designation an asset.
- Minimum 0–4 years of design related experience for Junior positions, 5+ years of experience for intermediate positions.
- Experience and aptitude to work with the following software packages: Microsoft Office, AutoCAD/Civil 3D; knowledge of Revit and Microstation considered an asset.
- Possess strong organizational, oral, written communication, and problem solving skills; have an approachable enthusiastic interpersonal style
- Possess a valid driver's licence.

WE ARE COMMITTED TO PROVIDING:

- A dynamic work environment which encourages teamwork, initiative and creativity;
- Career development and education opportunities;
- A competitive compensation package commensurate with experience, including a benefit package and RRSP program;
- Extra-curricular social activities (hockey, golf and many more social events).

JOIN OUR TEAM!

Candidates who are interested in joining our dynamic team are invited to forward their resume via email to careers@gmblueplan.ca, indicating the **position** in the subject line of their email.

*We thank all applicants; however only those selected for an interview will be contacted.
GM BluePlan Engineering will accommodate candidates under the AODA legislation in all aspects of the hiring process. Please notify us if accommodation is required.*
